

By Jan Schultz

The Imperial Republican

SCORE camps will be here in just over five weeks.

SCORE stands for Science Camps Offer Rewarding Experiences, and are offered every other year in and around Imperial.

This year, the camp will be spread out over the week of June 10-14.

Camp Director Marla Smith of Imperial said registration is now open for all grade levels, which include 1-2, 3-4 and 5-6 (age as of 2012-13 school year).

Cost for all campers is \$100, and forms are available at the school, local businesses or by contacting Smith at mrsmith@chase3000.com

Smith noted there are a few scholarships available from individual donors. Students may apply for a scholarship by writing a short paragraph titled, "Why I want to go to SCORE camp."

Parents or guardians need to sign the application along with their child and return to Kim Spady at CCS. Requests can also be made to Smith by mail, Box 876, Imperial, NE 69033.

Final registration, which includes pick-up of all camp materials, is set for Monday, June 3, at Chase County Schools.

Anyone wishing to volunteer during the camp can contact Chelsea Zuege, volunteer chairman, or visit with her at final registration June 3. She can be contacted at chzuege@esu15.org

Those wishing to help with snacks or meals for guests can contact Charlesa Kline at kline@chase3000.com

Here is an overview of each camp by grade level.

Grade level schedule

**Grades 1-2: June 10, 11, 12,
8 a.m. to 2:15 p.m.**

Monday, June 10

Students will rotate to seven different stations presented by staff from the Strategic Air and Space Museum from Ashland. Ken Schroeder, Deputy Director, is coordinating the activities. Sessions include: Planetarium show, the giant Earth Balloon, multi-axis machine, robotics, the

Giant (37') Space Shuttle Slide, Astronaut training 101 and rocketry.

Everyone is invited to the Open House from 5 to 6:30 p.m. Monday, June 10. Experience some of the activities the camp participants are engaged in, observe the liftoff of an unmanned hot air balloon into near space and monitor its voyage via a large screen computer screen.

Just added to the Monday night open house are "Laser Shows" presented by Jack Dunn, UNL Planetarium Director from Lincoln.

Tuesday, June 11

Camp takes place at Champion Lake. Sessions include:

Clouds/Ken Schroeder, Omaha

Investigating Soil & Sand Art/Heather Francis, Imperial

Groundwater Give and Take/Nate Jenkins, URNRD, Imperial

Hug a Tree/Rachel Allison, District Forester North Platte
