

This year marked the 10th anniversary of the Firemen's Family Fun Day held each year on the 4th of July. Members of the fire department, their auxiliary and the Imperial EMS join together to put together a memorable afternoon of fun. At left, Kyra Moser, 4, right, and her cousin, Allyssa Davis, also 4, chow down on some free watermelon available throughout day, as well as free hot dogs and bottles of water. With high temps nearing triple digits, any activity that included water was a big draw, like the water fights. Even a simple tank full of water can be a big draw and provide plenty of fun.
