

Dennis Kunnemann of AK Acres will give a popcorn presentation at the Chase County Museum in Champion this Sunday.

Kunnemann's company ships popcorn worldwide, with 75 percent being shipped outside the United States.

AK Acres grows five percent of the popcorn sold, with the majority contracted from producers in a 60-mile radius of Imperial.

Kunnemann's presentation will include the history of popcorn, growing and marketing. He will also have popped corn on hand for those attending.

The museum is open from 1-4 p.m. Sunday.
