The Imperial Republican

For the past three weeks residents of Imperial Manor-Parkview Heights have been pampered with a Spa Day.

Every Wednesday from 9 a.m to 4 p.m. residents have the opportunity to receive manicures and pedicures from employee Machel McCloskey.

In addition employees may also receive eyebrow waxings and paraffin dips.

The facility has set up Room 412 in Parkview for the Spa Days. McCloskey said about five residents have enjoyed their pampering every Wednesday.
