At a regular meeting Feb. 11 the Chase County Commissioners discussed building a new storage building in Wauneta.

Commissioner Don Weiss Jr. had originally backed the construction of a storage building in Lamar. He said that will have to wait until "next year or the next year," as Commissioner Chuck Vette wants to get a roof over some equipment and a handibus in Wauneta.

Bids will be let for the project, which "won't be a big one," Weiss said.

In other business, Greg Hayes was appointed to the Zoning Board to replace Dennis Strand.
