A performance by a group of alumni Chase County High School cheerleaders was snowed out last week during the Longhorn homecoming football game.

But, a rescheduled performance is set for this Friday night, Oct. 16, at the final regular season home game against Bayard, according to cheerleading sponsor Lorain Vires.

She's inviting any former Longhorn cheerleader to join the current cheerleaders in a short cheer during the half.

Anyone interested in participating should meet at the field's northwest entrance gate shortly before halftime, Vires said.

The former cheerleaders are invited to wear any or all of their former uniforms, or just come in the school colors of orange and black. Pom poms are also welcome, she said.
