

With the holidays now behind them, Nebraskans can buy themselves a gift good for 12 months of outdoor fun. The 2013 park entry permits, which are required for every vehicle entering a state park, recreation area and historical park, are available from the Nebraska Game and Parks Commission.

The fees are \$25 for an annual permit, \$12.50 for a duplicate annual permit and \$5 for a daily permit. Permit holders must permanently affix the sticker to the inside, lower left-hand corner of the windshield (driver's side).

Vendors may charge the following issue fees: \$1 for annual permits, \$1 for duplicate annual and 35 cents for a daily permit. A \$1 issue fee is charged to online purchases of annual and duplicate annual permits.
