Chase County Schools athletes received recognition during the CCS Athletic Awards Banquet held Saturday night at the school.

This marked the second year for a format that featured a catered meal followed by coaches acknowledging athletes' awards and recognitions as well as a short recap of the year. Athletes received all their awards in one packet following the event.

In his first year as activities director, Troy Hauxwell felt the evening went well and liked the format for the event.

In addition to the individual recognitions in each sport, there were a number of special awards given Saturday.
