As of March 1, Robb's Sales and Service will become Troxell's Heating and Appliance, LLC. Aaron and Michelle Troxell have purchased the business from Carol Robb.

"It's a really good opportunity for both of us and especially in the community, where we like to keep things local," Michelle said.

The Troxells will be continuing the sale of Whirlpool appliances and Lennox heating and air conditioning and service.

Aaron has worked at Robb's for 13 years. Nick Spady will continue as an employee.

Michelle formerly worked at Viaero for three years. The couple is expecting a child in June.

Carol and the late Jim Robb opened Robb's Sales and Service in February of 1974. The business is located at 613 Broadway, in what was once a laundromat.

Several years ago Jim said that Robb's had been around "so long most people know we do most everything."

The Troxells plan to continue that service.
