

Youths from the area got the opportunity to learn how to practice safety when working on the farm around grain bins, equipment driven by a tractor's power takeoff, electricity or when riding an ATV. They also got instruction on using their computers safely when on the Internet. It was all part of the Chase County Progressive Agriculture Safety Day held Saturday at the fairgrounds. At top, Colton Burpo learns how to properly use a fire extinguisher while another demo from the UNK Safety Center shows the dangers of an ATV when navigating inclines that are too steep.
