Thanks to 509 Broadway and its customers, the Chase County Hospital Foundation has \$1,000 to use toward local cancer patients and their families.

509 has sold almost all of the special t-shirts it ordered that had cancer support-related themes. There are still a few available at \$18, co-owner Tiffany Reeves said.

“We were inspired by the efforts of others in the community” to support the Foundation’s cancer fund, she said.
